White Street Landfill manages a compost operation and sells compost and mulch on site.

To make a purchase, drive to the scale house window by 4 pm on weekdays and by noon on Saturdays.

Compost is available from April through October; mulch is normally available year round.

In some years, compost is available in March on days when loading is possible - CALL FIRST.

The City reserves the right not to load on inclement weather days or if the product is very wet from a weather event.

Call 373-CITY (2489) before you go, to see if the landfill is loading that day.
